

Dear Parents, Carers and Children,

*Here is some key information about the next half term for you to refer to where necessary.*

**Text and Context:**

Our next text will be 'Snow White and the Seven Dwarfs' retold by Lesley Sims. We will begin to develop our reading fluency in a daily session and look closely at characters, settings and text structure. This book will link to our understanding of the world.

**Maths:**

This half term we will continue to focus on place value and addition and subtraction between the numbers 0-20. This will develop our previous work on addition and subtraction and place value within the numbers of 0-10.

**Reading at home:**

We expect children to read regularly at home. Please complete their Reading Records; these will be checked regularly in school.

**Homework:**

Phonics and Maths will be given to children weekly. Teachers will also send out quizzes once a term. These quizzes will help us to assess the children's understanding of the topics being studied, and help parents and carers to support their children with learning at home.

**Contacting school:**

Please speak to your child's class teacher with any queries. They will arrange a convenient time to speak to you. If you need further information, please contact the school office.

**Wellness Week:**

The school will take part in a Wellness Week commencing 25<sup>th</sup> of May. During this week we will be covering Personal, Social and Health Education (PSHE) and Religious Education (RE). We have planned some exciting activities based around a healthy lifestyle for the children to undertake and we look forward to sharing them with you!

**Art days:**

The school will take part in a Art Week commencing 17<sup>th</sup> of June. During this half term, we will have two art days with a focus on mixing colours. By learning in this way, the children can fully immerse themselves in the curriculum and spend an entire day engaged in one creative subject.
